

AN UPDATE ON THE PRAYER VISITOR PROJECT

The Prayer Ministry Project has developed into a ministry that has two distinctive parts. The first part, people pray and plan to visit a specific congregation for four Sundays beginning with Sunday One. The second part, people offer intercessions for specific congregations but cannot plan to visit on Sunday One.

In the first column below, these congregations have at least one person praying for and planning to visit on Sunday One. In column two, these congregations are being prayed for by specific individuals and groups who cannot visit on Sunday One. Column three lists six congregations for which we would like people to consider becoming an intentional Prayer Visitor or Intercessor.

Our first goal is to have each of the congregations in column three chosen by someone(s) willing to be an intercessor and/or a Prayer Visitor. **Our second goal is to move all of the congregations into column one.**
